**Video collaboration** and videoconferencing help all of us face difficult times, such as what we face today with coronavirus

# Videoconferencing in K12 education

« Push the walls of the classroom, enrich the educational content, enthuse the students, arm the teacher, diversify pedagogy ... »

# VC help fight exclusion!

From his hospital room, the young patient controls, using a PC or a smartphone, a robot that sit in his house or school, so as to communicate with family members or class-mates.

*Hôpital R. Debré* ↔ *Lycée Bergson*

# VC help fight isolation!

Small Schools Project in Italy

## ◆ La rentrée au Collège des îles du Ponant :

C'est un drôle de collège, unique en France, réparti sur deux mers et six îles. Le collège des Îles du Ponant vient de faire sa 34e rentrée et, avec elle, les 88 élèves et les 23 professeurs. A l'heure de fermeture de classes en raison d'un nombre insuffisant d'enfants, le collège des Îles du Ponant est une exception. Cette année, la principale, Marie-Elise Réa, observe que les effectifs sont stables. De nouveaux équipements ont fait aussi leur rentrée; Internet et les visioconférences permettent, en effet, d'assurer sur place le même enseignement pour tous, de réunir autour d'un même programme des collégiens dispersés dans la Manche ou l'Atlantique.

### RESULTS & BENEFITS

- All schools on islands have a video classroom
- Classes are delivered from boarding school on main land, to all schools on islands
- New subjects such as Latin, and physics are now available for students on the islands
- Children unable to attend school due to long illnesses, are able to attend

# VC help expand the horizon!

- Virtual field trip

BBFC <i>British Board of Films Classification</i>	British Museum	Dan Freidman <i>Sports</i>	Museum of London
Janet <i>VC technology at work</i>	National Space Center <i>Technology</i>	Jorvik <i>Viking Centre</i>	MetLearn <i>Meteorology learning</i>
We Teach <i>Distant teaching on various matters</i>	LSO <i>London Symphony Orchestra</i>	Dart Education <i>Consulting</i>	Natural History Museum
NCM <i>National Coal Mining museum</i>	National Archives	VU <i>Virtual university</i>	Sawubona <i>Fighting the apartheid</i>

# VC virtually bring the expert(s)!

Raj Moran, Parent, Loxford School, Redbridge, quotes:

live video link up for the release of some endangered orangutans in Borneo  
The quality of connection was amazing and the children learnt so much from the experts sitting in the Borneo jungle.

*Robert Badinter,  
former Minister  
of Justice, who  
ended death  
penalty in FR*

Thomas Pesquet, French astronaut, ran multiple videocalls with different schools while aboard the ISS 400 kms above earth! . One large conference with 230 000 students connected!

Last day of a death row inmate

***Le Dernier Jour d'un condamné***

Victor Hugo

# VC help practice foreign languages!

## Jargeau (FR) and Esens (GY)

With a professional VC system, (versus PC and Skype), we see the whole class
