Lesson Plans

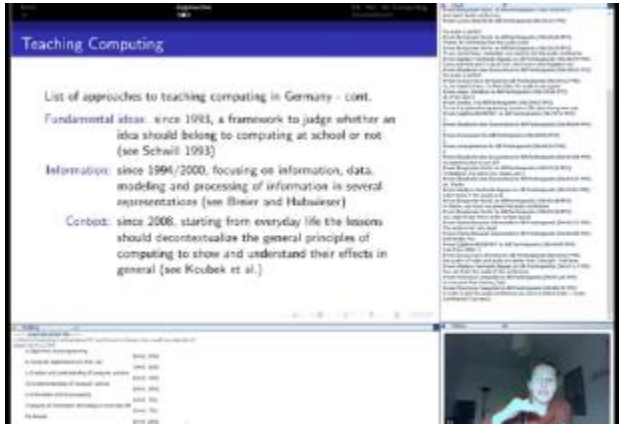

Time (no. of one-hour lessons)	1	1
Learning Activities	dream	explore
Goal (learning objectives, match to curriculum)	Biology, possibly inter-disciplinary. Could be a totally different subject and topic using the same approach. Important to fit this topic into curriculum, not squeeze others out.	The goal is also to develop students' team-working and interpersonal skills and learning to learn (and other 21C skills). This involves changing the physical learning space.
Description of	**Students:** • form teams and allocate roles (see below); • watch a 'provocative' stimulus video; • complete sentences using for example Wallwisher.	**Students:** • find relevant information (Internet, books, articles, etc.); • Lead Researcher starts by identifying people who have strong views on the issue they are researching;
