WEBINAR #4:

Good practices in
Flexible Learning Spaces
in Portugal: what has
been done in spaces in
pandemic times?

With the support of the
Erasmus+ Programme
of the European Union

NOVIGADO

ACTIVE LEARNING AND INNOVATIVE TEACHING
IN FLEXIBLE LEARNING SPACES

José Miguel Sousa
Director of EduFor Training Centre
Mangualde, PORTUGAL

Who we are ...

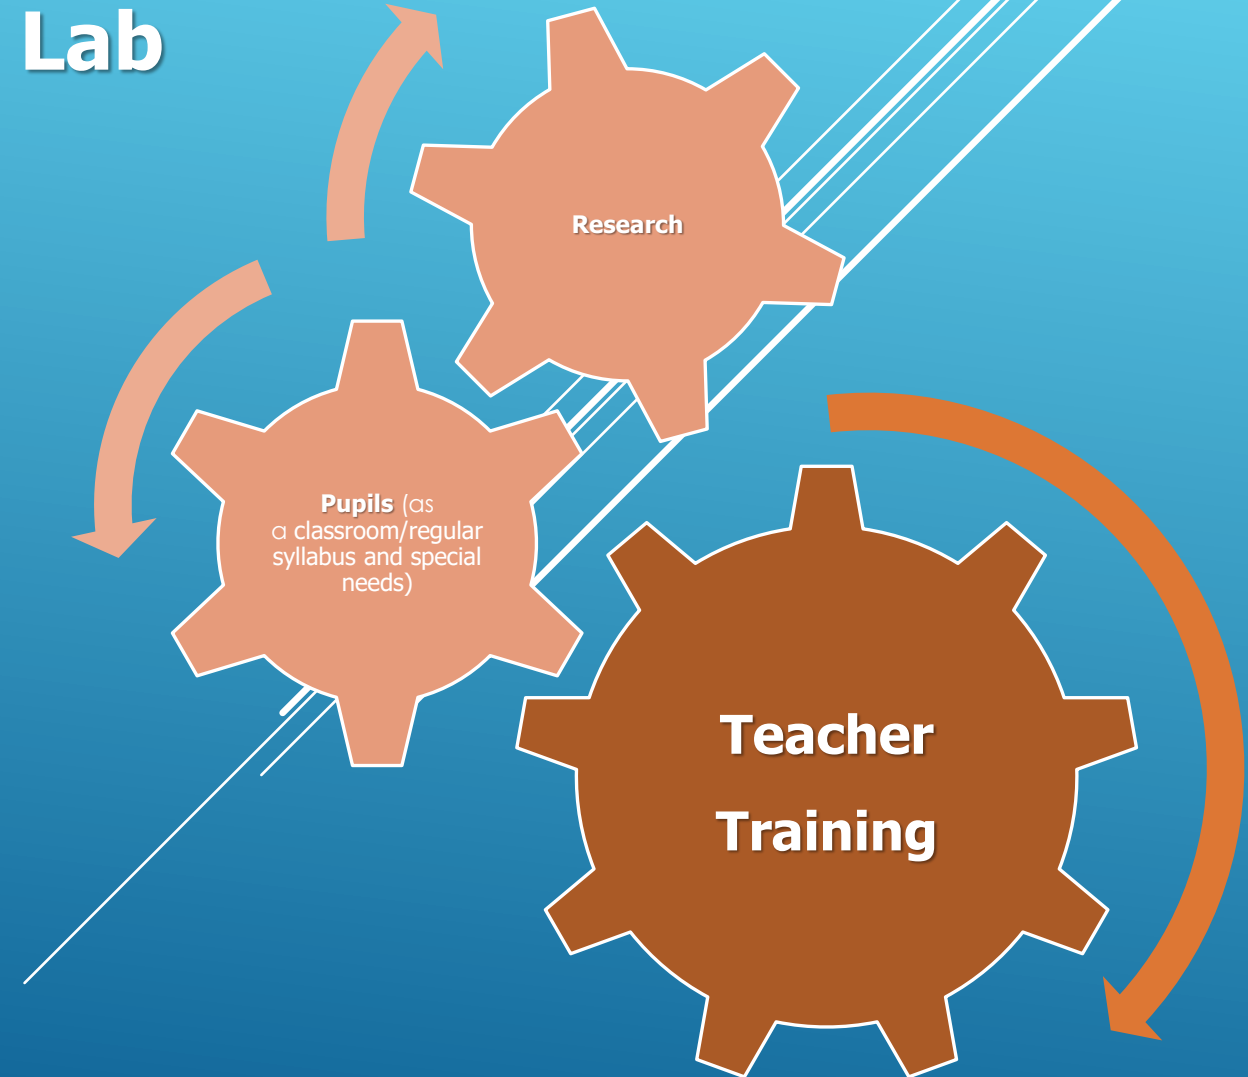

- **EduFor is not a school: EduFor is an Association of Public Schools;**
- **EduFor headquarters is located in Felismina Alcântara Secondary School, in Mangualde, Portugal;**
- **On 10th May 2016 a FLEXIBLE LEARNING SPACE was inaugurated, which offers two classrooms containing six learning areas, as well as an easy access to an auditorium in which major learning activities and seminars can be held;**
- **Forty Stakeholders take part in this partnership.**

Who we are ...

EduFor Innov@tive Classroom Lab is used

In 2019/2020: About 5 000 people
interacted with this space

What has been done in EduFor ICL@b in pandemic times?

FLEXIBLE LEARNING SPACE

Classroom organization to prevent the spread of COVID-19 through surfaces/materials did not allow the normal use of Edufor ICL@b.

What has been done in EduFor ICL@b in pandemic times?

Teacher Training

EduFor already promoted distance training before the covid19, but during the pandemic we did 90% of our training on a distance basis.

What has been done in EduFor ICL@b in pandemic times?

In June 2020, we prepared a SCENARIO for EduFor schools in case of need – “Classes in b-learning with mirror groups”

“Synchronous Hybrid Education”: in the same class (or the same training course), part of the class is at school and the other part is at home, but attending synchronously and participating in the class/session.
