European Schoolnet Academy

Massive Open Online Course (MOOC)

NOVIGADO

Active Learning and Innovative Teaching in Flexible Learning Spaces

Main evaluation findings

The information presented in this document is based on **course registration and participation (started/completed) data***, and on the data collected via **2** surveys completed voluntarily before (**pre**) and after (**post**) the course, providing information about:

- the **profile** of course participants (Slides 3-7).
- the participants' **course impressions** (Slide 8-10).
- participants' **self-assessed knowledge** of course topics (Slide 11).

On Slide 2 we offer an overview of the key results.

Based on: **registration** and **participation** data, **pre: 564** responses and **post: 388** responses.

**The course registration and participation data were retrieved on 04.03.2022*

Overview and key findings

NOVIGADO
Active Learning and Innovative Teaching in Flexible Learning Spaces

MOOC URL

Main audiences:

The course is targeted primarily to secondary school teachers and school leaders.

Course started:

17 Jan 2022

Course deadline:

23 Feb 2022

Modules: 4

- According to data collected via the pre-course survey, the majority of course participants are secondary school teachers, female and 36 years old or older.
- All **98%** rated the overall value of the course as "Good" or "Very good".
- All **91%** would recommend this course to a colleague (**Agree** or **Agree strongly**).
- All **94%** Agreed that they will use the ideas and examples presented in the course.

** The participant is counted as a completer if the participant has explored all the sections of the MOOC and did all the activities.*

*** The course engagement rate is calculated by dividing the number of participants who explored at least one section of the course by the total number of participants who registered to the course.*

**** The course completion rate is calculated by dividing the total number of participants who explored at least one section of the MOOC) by the total number of participants that completed the course (by exploring all the sections of the course).*

Basic numbers

3158 people from 72 countries registered to take part in the MOOC

1914 participants started following at least one course module

687 participants who completed the MOOC*

61% engagement rate**

36% completion rate***

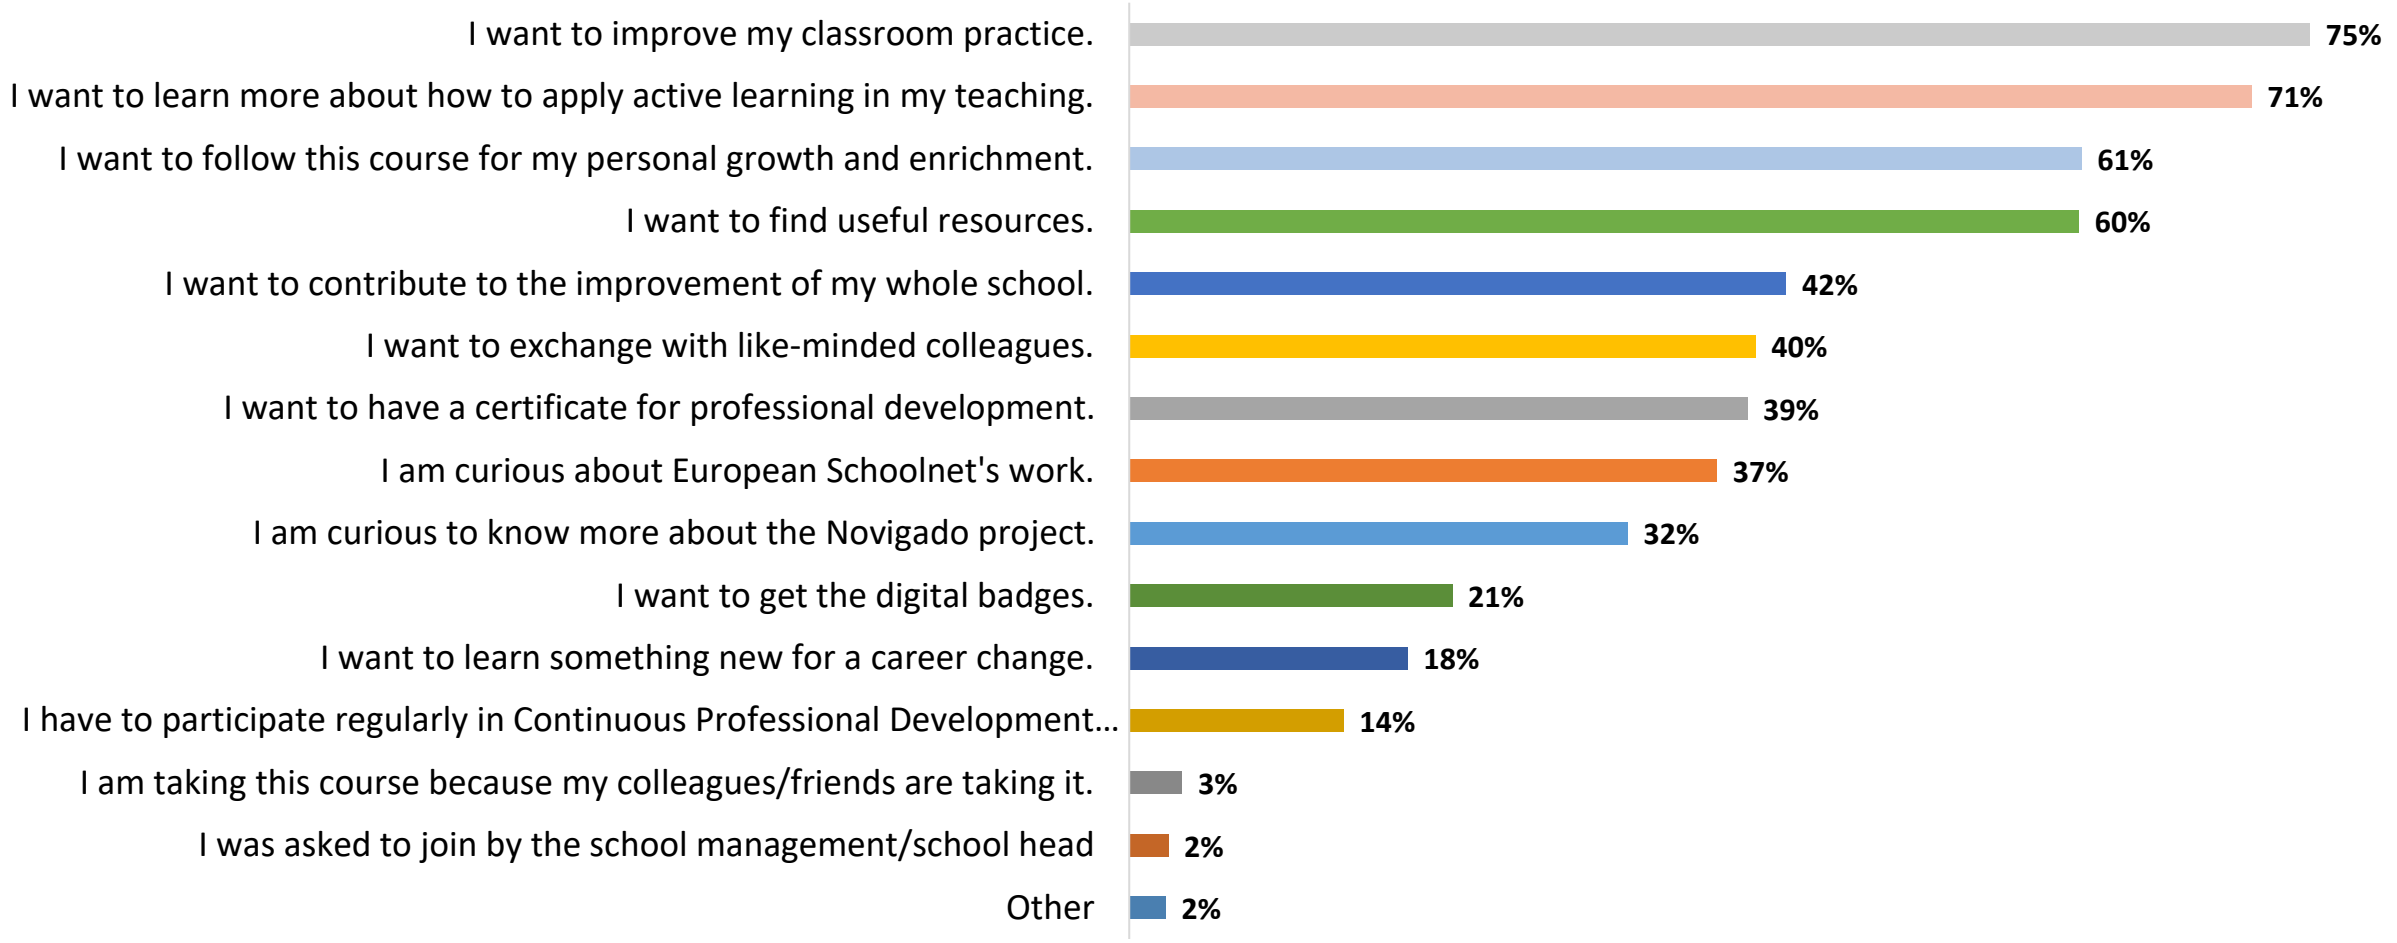
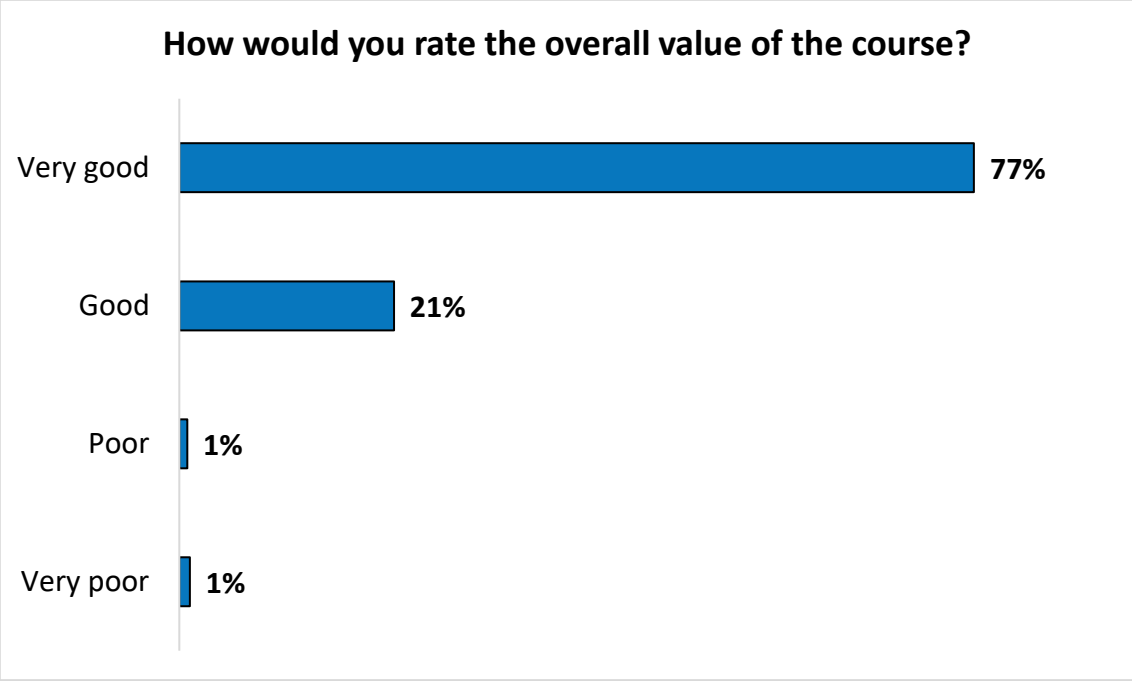
What are your main motivations for joining this EUN Academy course? (more than one answer possible)

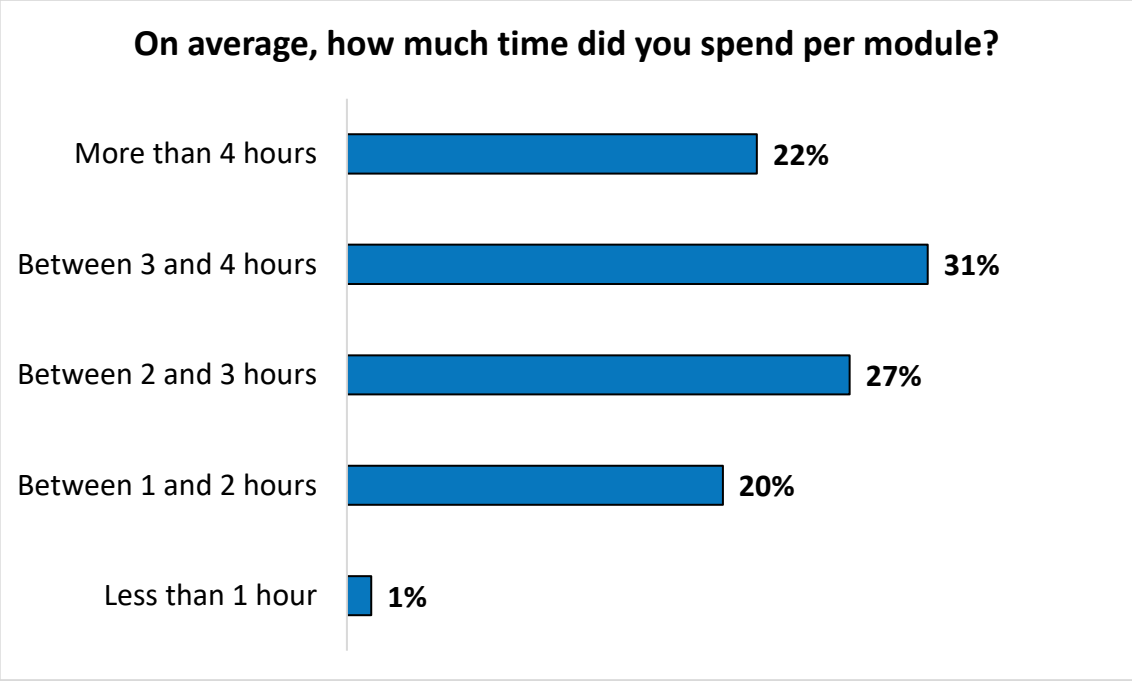


European Schoolnet Academy

Course impressions

NOVIGADO
Active Learning and Innovative Teaching in Flexible Learning Spaces





98% of **post**-survey respondents rated the overall value of the course as “Good” or “Very good”

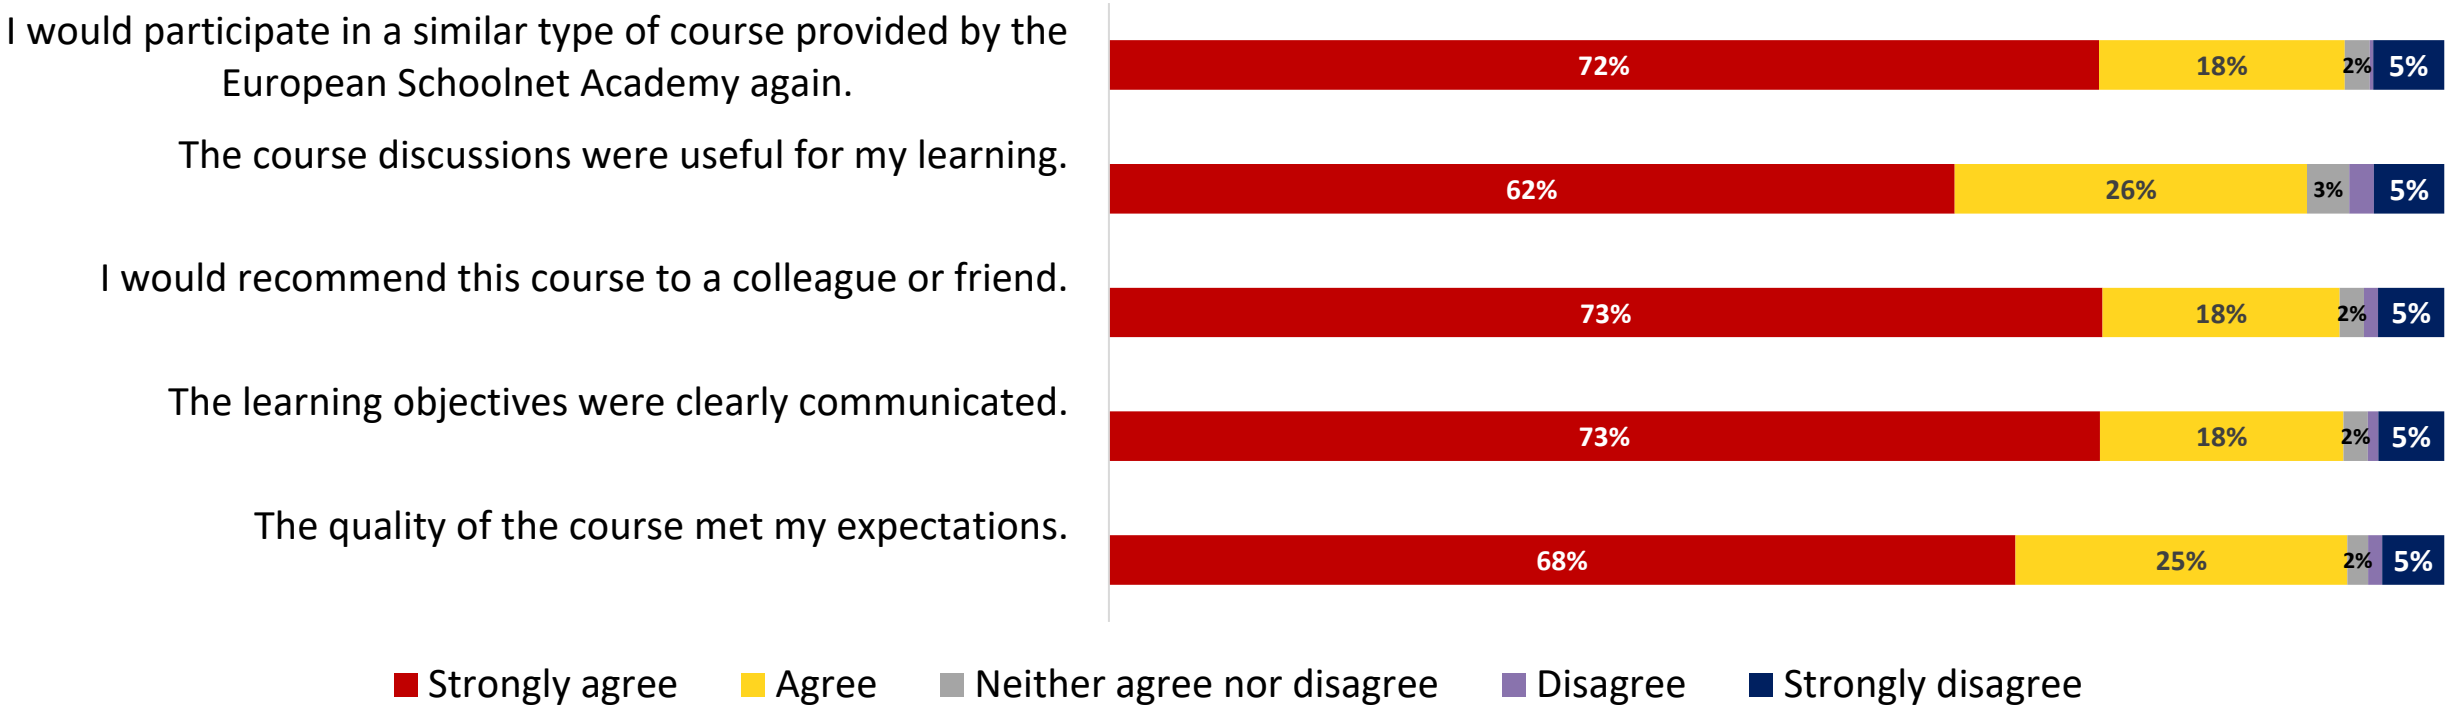
European Schoolnet Academy

Course impressions and impact

NOVIGADO
Active Learning and Innovative Teaching in Flexible Learning Spaces

90% **Agree** or **Agree strongly** that they would participate in a similar type of course provided by EUNA again.

To what extent do you agree with the following statements?



Course impressions and impact

NOVIGADO
Active Learning and Innovative Teaching in Flexible Learning Spaces

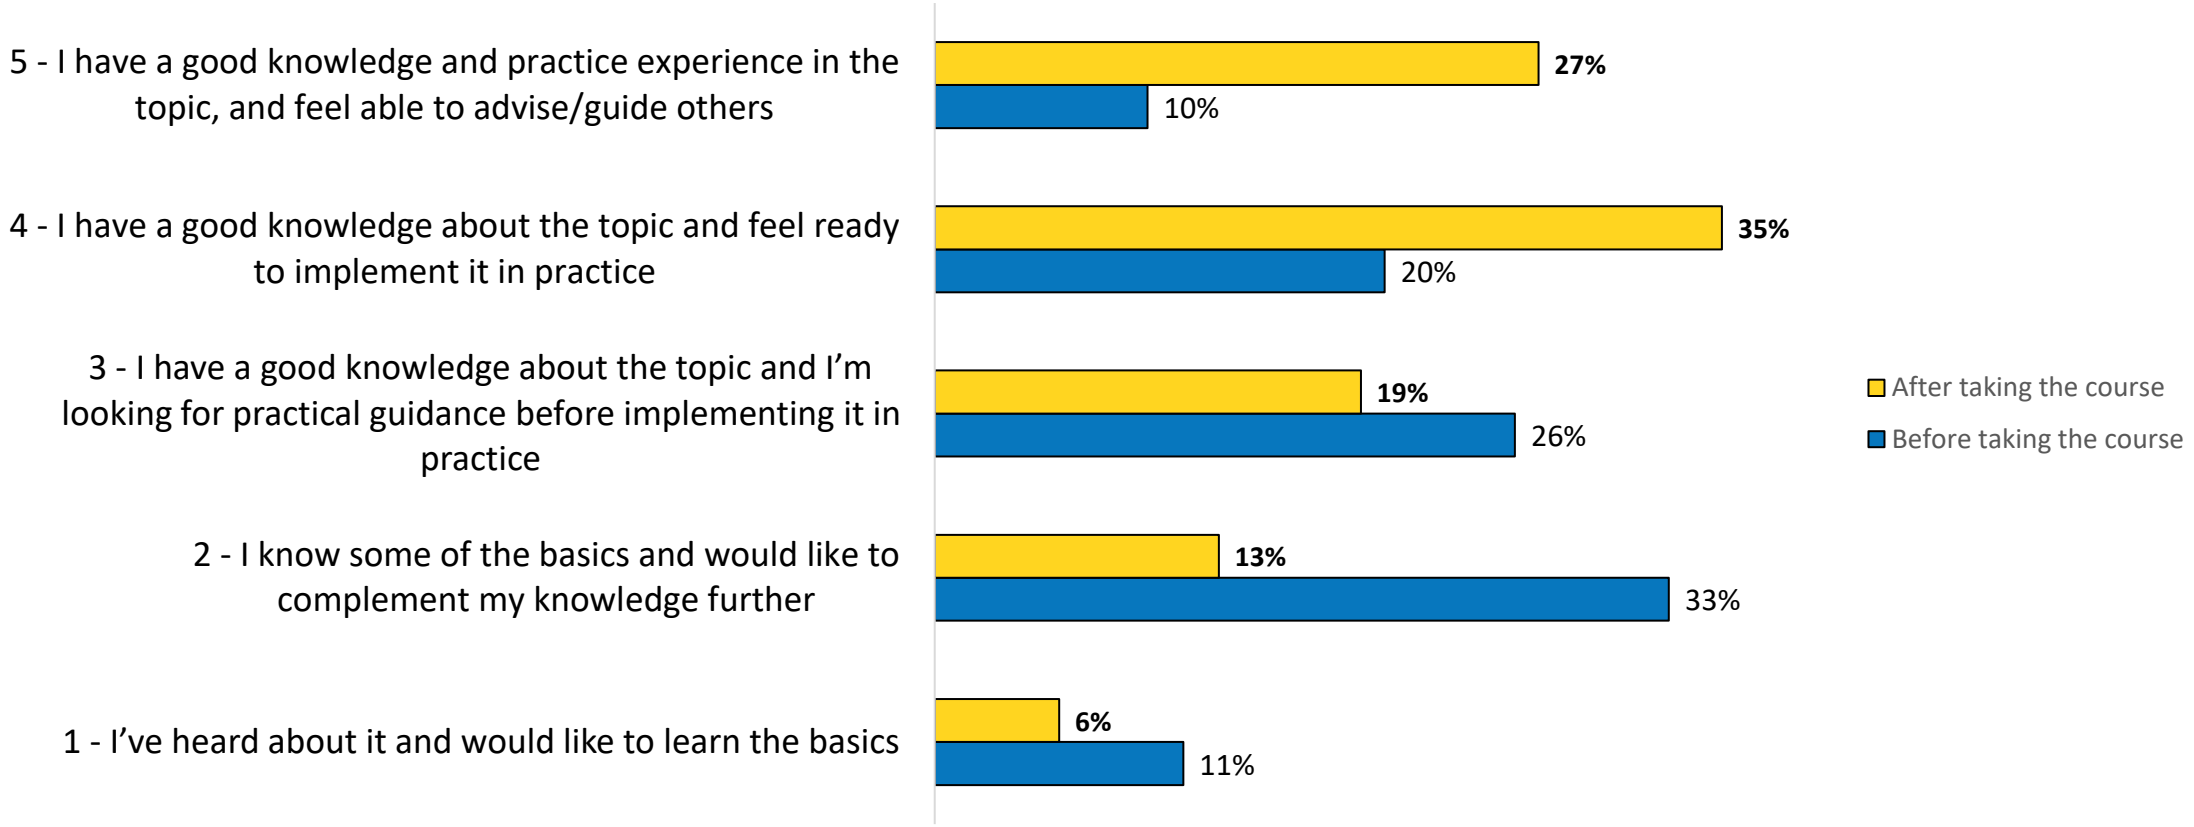
94% **Agree** or **Agree strongly** that they will use the ideas and examples presented in the course.

To what extent do you agree with the following statements since you completed the course?

Pre-to-post change in self-assessed competence in the course topic

After taking the course, participants' self-evaluated competence related to the course topic has improved.

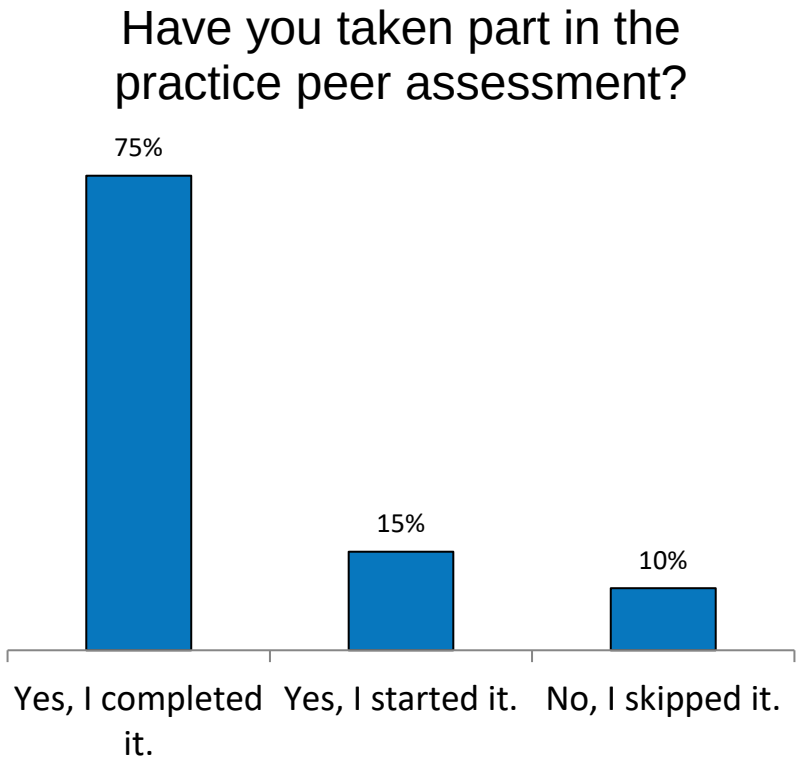
Which statement below best represents your level of competence in using resources and strategies for applying active learning (student centered pedagogies) in the classroom

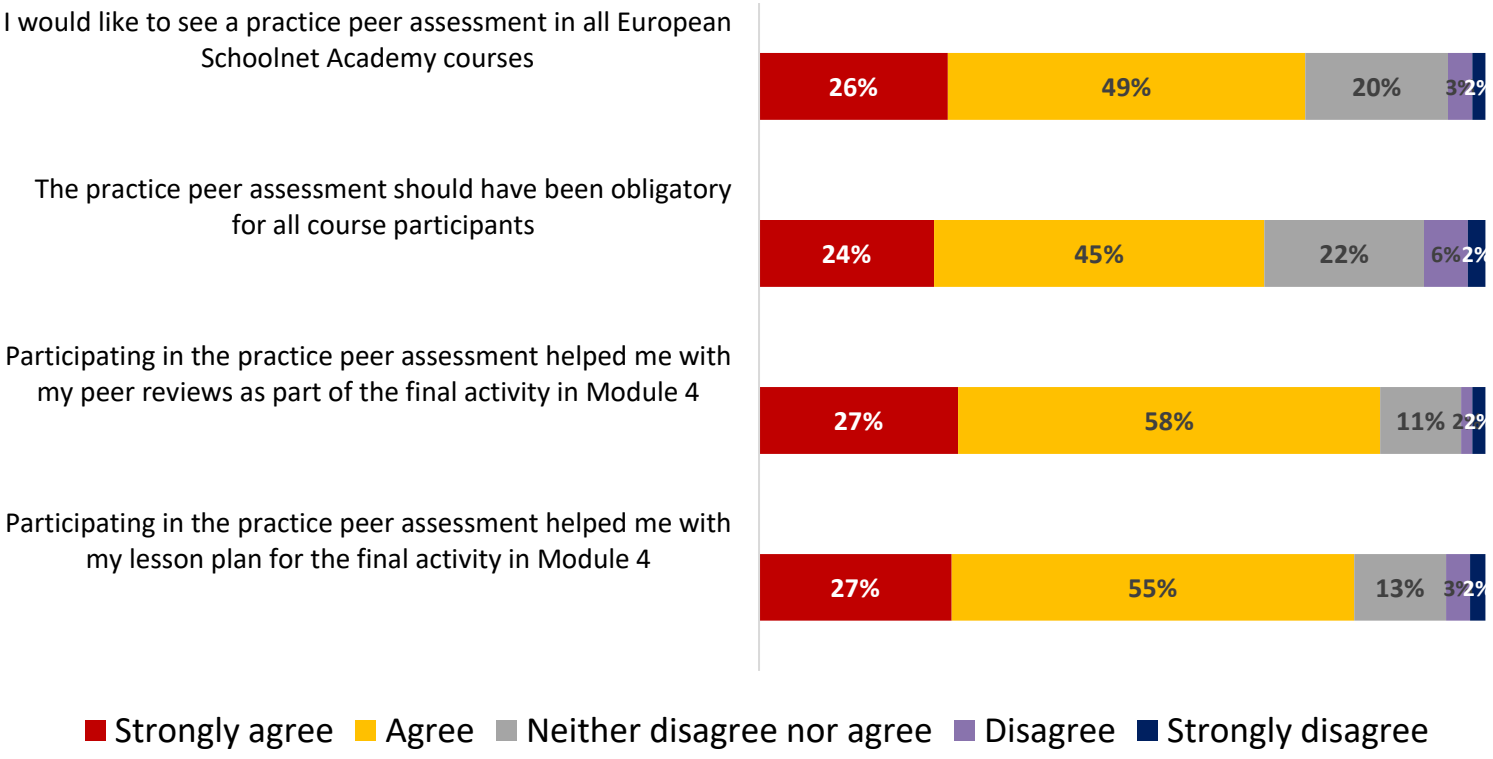


Practice peer assessment

Active Learning and Innovative Teaching in Flexible Learning Spaces

- Participants' view of the practice peer assessment was overall positive.
- 75% of participants said they completed the practice peer assessment.





European Schoolnet Academy

Practice peer assessment

NOVIGADO
Active Learning and Innovative Teaching in Flexible Learning Spaces

Participants' who completed the practice peer assessment felt **slightly more prepared for the final activity** and found it **more useful** compared to those who haven't completed it.
